Comments about the book

"This book is a monumental contribution to the study of the Assyria-Germany connection. It is thoroughly researched and well documented. The author is clearly well read in both ancient and modern history. The book even takes us into the future, painting a vivid picture of the role that Germany will play as the leader of Europe in the coming years."

– **MELVIN RHODES** (Senior Editor, *Good News* magazine and *World News and Prophecy*)

"Craig White's latest work *The Great German Nation: Origins and Destiny* is a must read for serious Bible students who want to know more about the roots and prophesied events for Germany. It is several hundred pages in length and has scores of footnotes and a number of graphics. It is the most comprehensive material that I have ever read on the topic, a compilation of decades of research."

– **RAINER SALOMAA** (Pastor and church board chairman, writer and researcher)

"When Craig White provided me with a draft copy of his book on *The Great German Nation: Origins and Destiny*, I was particularly pleased. I have long felt that good research on the Germany-Assyria connection has been badly needed for any serious tribe-tracker of the Israelites and other ancient peoples. My preliminary perusal of the book proved that it contains such an amazing breadth of information and sources laid out in a pleasantly readable format. I think any researcher of history will appreciate it. I know that I will keep my copy ensconced within easy reach on my bookshelf."

– **RANDALL STIVER** (National TV and radio commentator, magazine writer, editor, educator, and church pastor)

"This is a well-researched volume which adds greatly to the evidence, believed for years in many Churches of God, that modern Germany is descended from ancient Assyrian peoples. This is important for our understanding and interpretation of prophecy. I have been studying the identity of Germany since first coming in contact with the teachings of the late Herbert W. Armstrong in the late 1960s, and Craig White's book is the best and most-thorough treatment of the subject I've seen."

– **MAC OVERTON** (editor of a community newspaper in Texas, a long-time member of the Church of God, and a well-known free-lance writer and a frequent contributor to Church of God publications)

"I recently finished [reading] your book *Who are the Germans?* [forerunner to this book] I have a Bachelor Degree and a Master Degree in History, and from a professional point of view, I was very impressed with your work. I was especially impressed with your documentation. As you know in a work of this type, it is crucial to document sources"
