

# 39 Books Christians should read before they die!

Compiled by C White  
Version 1.2

Note: This list is a small sample of what is contained within the longer list ***A Guide to Sources for Studying Specific Bible Topics*** available at [www.originofnations.org/HRP\\_Papers/doc/index.htm](http://www.originofnations.org/HRP_Papers/doc/index.htm) which will be greatly expanded in due course.

This list is also incomplete but serves a purpose - I thought it would be a good idea to just list a few essentials that you should try and read. Of course, this list is in addition to the Bible, Strong's Vine's and books published by the Churches of God.

These books are absolutely excellent and will assist in greatly expanding your understanding of the Bible and related topics.
