This LANDMARK new book is set to revolutionise your appreciation of the identity and origins of modern nations.

This unique work it will give you a winning edge in better understanding the meaning behind world news and events.

Written in a fast-paced but logical style *In Search of ... the Origins of Nations* is unique. It is the first book ever published that provides major proofs for the identity of key modern nations.

And it is the fruit of many years of painstaking research by History Research Projects (HRP).

HRP has woven together many complex threads and strands of tradition, linguistics, anthropology and history to produce this magnum opus.

You will initially journey back about 4,300 years to the post-Flood days of Noah in the Middle East.

You will be introduced to Genesis 10's mysterious Table of Nations - the vital key for understanding the identity of modern nations.

Then, you will travel through the centuries to our present day, witnessing how nations developed their own distinctive ethos and cultural, social, racial and linguistic traits.

You will marvel at the God-inspired variety among the world's races, the dynamics governing interrelationships between nations and stunning ancient prophecies guiding national destinies.

In short, *In Search of the Origins of Nations* is an unrivalled triumph of detective work and research, which will transform your whole appreciation of God's Loving Hand in establishing our global family of nations. It is simply a must for all to read and for any librar
